

**ESSEL PROJECTS PVT. LTD.**

**EHV SUBSTATIONS PROJECT**

## PREAMBLE

ESSEL PROJECTS PVT LTD is one of the fastest growing ETC Contracting Companies with a significant presence in industrial sectors of Power, Steel, Cement and Infrastructure Projects throughout our nation.

ESSEL PROJECTS PVT LTD (EPPL) had been established as an ETC contracting company in the early 2007 with an objective of developing a strong commitment in the project field of Electrical and Electro-Mechanical orientation by becoming a part of our nation building activities. Till 2007, two sister concern proprietorship companies namely ESSEL ENGINEERING & ESPEES ENGINEERING, had been carrying out Erection, Testing & Commissioning of EHV Substations up to 400 KV, Plant Electricals for Power and Steel industries including installation of EHV transformers, HT, LT Cable laying, as well as Fabrication, Erection of Heavy and Medium Steel Structures for similar industries and other related jobs covering most of India.

After the emergence of ESSEL PROJECTS PVT LTD as an ETC company, we brought these two component companies (ESPEES ENGINEERING & ESSEL ENGINEERING) under one roof and consolidated our business strength. We have successfully completed several important Electrical & Electro Mechanical Projects for our customers and clients like ABB, L&T, AREVA, SIEMENS, ABHIJEET, VISA STEEL, etc. by adopting latest creative techniques. We have accomplished this by integrating our engineering knowledge with pioneering skills and by optimum utilization of men and material giving utmost importance to SAFETY and QUALITY.

For our systematic approach towards every assignment with commitment, the company has been certified under ISO 9001-2000 in 2008 and further renewed by 9001 -2008 in 2011.

We have been obtaining many valuable projects of EHV Substations, Plant Electrical from our valued customers and clients and are almost in the verge of completing them. A list of ongoing projects has been enclosed with this profile.

We are proud to state that; we are counted amongst the leading service providers to be reckoned in the Electrical & Electro Mechanical sphere apart from enjoying a strong showcase of the valuable appreciations from our customers.

Due to our commitment towards SAFETY & QUALITY we have been awarded the certificate of PREFERRED CONTRACTOR by ABB in the year of 2009.

We don't have any marketing policy other than "our satisfied customer will do the marketing for us"

We put this credential before you for your own evaluation of our claims.

With Regards  
Pradeep K Pilaca  
Director

# SAFETY & HEALTH POLICY

ESSEL acknowledges and accepts its statutory responsibilities for securing the health, safety and welfare of all its employees, associates and others involved in the activities of the company.

It is the endeavour to maintain the highest standard of Health, Safety & Environment for all our operations. Safety is considered of prime importance and gets riding priority over all other activities. We will keep up to date and comply with The Health & Safety at Work Act and all other relevant legislations that impact upon our operations.

We done it by educating, constant monitoring and giving full support to our managerial and down the line engineers, technician and others involved in the operations.

Working with Fall Arrester

Erection of Circuit Breaker with Crane and Men Lifter

Taking Safety Oath

## OUR THINKING ABOUT SAFETY

1. Safety means a complete understanding of your work and knowledge of every step that must be taken and the realization that mistake could be costly to yourself and to the company.
2. Safety means good judgment. Never rely on luck; always be prepared to cope with unexpected situation and being alert when following your routine.
3. Safety means consideration for the family that depends on you, for the company that employs you, and for your own welfare.
4. Safety means remembering the safety rules set up by your company and applying them continuously when you are on the job.
5. ONE SINGLE RISK TAKEN MIGHT MEAN AN ACCIDENT FROM WHICH YOU NEVER RECOVER

## MISSION

- Design to protect
1. Personal
  2. Environment
  3. Public
  4. Operation & Instrument

## VISION

- To maintain
1. Zero accident.
  2. 100% commitment
  3. Maximum Productivity

**TO WHOM SO EVER IT MAY CONCERN**

This is to certify that M/s. ESSEL PROJECTS PVT. LTD. Raipur, as our contractor has been successfully completed the Erection of complete 765/400KV PGCIL substation at Solapur, Maharashtra against our PO No: 3791074444 Dt: 28th June 2013 for total value of MINR: 47.86 (Inclusive of taxes)

The said Solapur Substation Project was highly important towards establishment of "**ONE NATION ONE GRID**" which connects Southern Grid with Western Grid and form the National Grid. The substation successfully charged and synchronized with Raichur S/s before the target of 31<sup>st</sup> December, 2013

The BOQ highlights of the S/stn was, 765KV 12bays and 400KV 4Bays with all equipment, Structural of 2700MT, Bus work of 60KM, CBR Panels, Earthing and solar streetlight poles.

It is exceptional to state that M/s ESSEL PROJECTS PVT LTD, completed the Erection within the extremely challenging schedule to achieve the above target of charging the Substation by mobilizing adequate resources of Manpower and T&P with a remarkable planning of site execution by maintaining good workmanship.

They completed the job with a **ZERO ACCIDENT RECORD** by meeting all our safety compliance standards.

We wish them all success in their future endeavors.

For ABB India Limited

  
**Supratim Dutta**

### Completion Cum Appreciation Certificate

To whom so ever it may concern

This is to certify that M/s. ESSEL PROJECTS PVT. LTD. Raipur has successfully completed their scope of work as our contractor for our Auto Transformer Package (7 x 500 MVA Single Phase) at our PGCIL 765kv S/s SLPAT- Bilaspur, Chhattisgarh against work order No. E10 & E25 for a total value of Rs: 1.02Cr.

Their scope of work included unloading of Transformer Main Tank positioning and erection of entire accessories that includes neutral formation by Aluminum tube bus and its erection, and entire Fabrication and Erection of MS Gratings. The gratings were fabricated at their own works unit at BHILAI as per PGCIL specification.

They have completed the entire job by maintaining quality of workmanship with utmost safety and with a zero accident record.

This certificate is issuing on request of M/s. ESSEL Project PVT Limited for further tendering purpose and it will not have any relevance for any other purposes.
